

AUSTRALIAN VALLEY WINES

Wine Bonded Warehousing & Logistics For Europe

About AVW warehousing & Logistics

- Our company is specialised in warehousing and distribution of wines into Europe
- Since 2013 we are handling logistics for various wineries & exporters from Australia and are selling their products in Europe
- Our bonded warehouse is equipped with storage racks to ensure safe storage of your products
- We have an internal custom formalities department and reliable transport partners to ensure that all your orders will be shipped to both commercial clients and consumers with the required customs paperwork
- We even offer the possibility of Australian Valley Wines BV. to sell your stock for you!
- Australian Valley Wines has a state of the art website with excellent webshop possibilities.

Why use AVW warehousing & Logistics

Having a European Warehouse will give you a crucial benefit on the market:

- You can benefit from much shorter transit times
- Reach new and smaller European importers and resellers
- You can sell to European consumers who have visited your winery
- High flexibility
- Central location for distribution into Europe
- We have consultants both in Australia & The Netherlands to assist you with transport and / or sales

Our services

- Storage & distribution
- Order picking
- B2C shipments
- B2B shipments
- Transportation
- Labelling
- Repacking
- Arranging customs documents for all shipments within Europe

Our warehouse

Our bonded warehouse is located in Maastricht, which is in the heart of the Euregion. We are conveniently located close to the Rotterdam & Antwerp harbours and with major highways closeby for easy access into larger Europe.

Warehouse facts:

- 8000 m²
- 3 loading docs
- Repacking/labelling area

B2C shipments

- We can offer you assistance with your B2C shipments
- We are able to handle website orders either by the Australian Valley Wines website or by receiving website orders from your own website
- All wines will be packed into special protection units in order to ensure the wines have the best protection possible during transport.

Australian Valley Wines BV.

B2B shipments

- We can receive your stock under suspension of vat & excise duty
- We can ship your stock under suspension of vat & excise duty to businesses owning a depot
- We can also ship your wines to businesses without a depot, however in that case vat & excise duty needs to be paid
- We will make sure all the right customs documents are being created to ensure a timely arrival at your customer
- We can handle both package based shipments as well as pallet based shipments
